

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: *I am opposed to this demolition now as I was the first time it was presented. (Please see previous comments) We are currently under contract with Preservation Central to prepare our National Register listing for Travis Hts - Fairview Park historic district and this perfectly functional home is a contributing structure right in the middle of a practically intact block (unfortunately scarred by Austin's "ugliest" Mc Mansion" - which I believe ultimately have led to the demise of two streets historic character. Please*

Comments: *I am in favor of designating the old existing buildings at this property historic, formerly Carmelo's restaurant. However, I am not in favor of designating the entire property, because there is a significant surface parking lot there which could be developed. Although I would be disappointed by a high-rise blocking the downtown view, I understand the perspective of private property owners to do as they wish, following applicable laws & regulations. As such, I object to the entire property being designated.*
